

Teen Love

Peter Bjorn and John

I hope everything's alright with you
Maybe I should go and see about you
Collect some love, if you don't mind
Collect some love, if you don't mind, no

My heart it grows
My heart it grows

I've fallin'
I've fallin' in
I've fall'n in love with you

I smile a second, then it's gone
When I realize I'm all alone
Why is it so hard? No, I won't cry
Oh so hard? No, I won't cry, no

My heart it grows
I think it shows

I've fallin'
I've fallin' in
I've fall'n in love with you

Carry me home, the night is dark and long
I think I'm done with all the people taking part
So I move much closer, I don't mind
And I leave a mark on your face, I don't mind, no

I've fallin'
I've fallin' in
I've fall'n in love with you
