One more story Then it's time for bed One more fairy tale Then rest your weary head One more kiss, I'll turn out the lights Everything's gonna be all right I'll still be here when you wake up in the morning Close your eyes, say goodnight Go to sleep now You've had a busy day Hold me in your dreams I won't be far away One more kiss then I'll turn out the lights Everything's gonna be all right I'll still be here when you wake up in the morning Close your eyes, say goodnight

I can't believe just how fast you're growing
I'm gonna cry when you're old enough
To go and be on your own
But until that very moment
Everything's gonna be all right
You'll still be here when I wake up in the morning
Close your eyes, say goodnight
Everything's gonna be all right
