

# First Day in the Rain

Peter Criss

Thought came to mind  
What to do today  
Thought came to mind  
Got something to convey

Now what I'm feeling  
Is the same old love  
As the first day, first day  
In the rain

You couldn't have much time  
Time that was good  
We didn't waste no time  
Filled everything we could

Now what I'm feeling  
Is the same old love  
As the first day, first day  
In the rain  
In the rain

I would like it to be as it always is

Rain

Well I guess it's time to go  
But it doesn't mean a thing  
Cause this thing inside of me  
That only she can see  
And now that I'm feeling  
Is the same old love  
As the first day  
First day in the rain  
In the rain  
In the rain  
In the rain  
In the rain  
In the rain
