

I'm Gonna Love You

Peter Criss

Don't let me find you
Sleepin' with another man
Say you're gonna be true
And stay and love me like you can

'Cause I really love you and it's true
I'm gonna love you rain or come shine

Honey, won't you tell me
You don't want nobody else
Don't you tear my heart out
And lay it on your shelf

'Cause I really love you and it's true
I'm gonna love you rain or come shine

And I'm gonna love you (gonna love you)
Rain or come shine (rain or come shine)
You know you're gonna find me (gonna find me)
Around you all the time (time)

'Cause I really love you and it's true
I'm gonna love you rain or come shine
Rain or come shine, rain or come shine
Rain or come shine, rain or come shine
Rain or come shine, rain or come shine
