

We Want You

Peter Criss

Let me break it down
I've got something to say
Don't turn your back or we'll make you pay
You know it's true

You gotta take a stand
You've gotta be heard
Baby, don't hold back
We're gonna take the world
You know it's true
Time has come to stand as one

We want you, you know we do
I know you know we want you

Together we stand, divided we fall
You gotta push to see it all
And break it through
Every chance you take to help us out a little
Is gonna bring you to the center of the circle
In the middle God knows it's true
Time has come to stand as one

We want you, you know it's true
All in all things are gettin' better
Are you ever gonna realize we're all in this together?
It's me and you
Time has come to stand as one

We want you
