

# All Night Long

Peter Frampton

Trees falling leaves come alive, watch them glide  
Eyes come to life when you smile for a while  
Tables keep turning now the full moon has been seen  
Know what I mean

Tell you what to do baby, all night long  
It would take me, all night long  
Show you how I feel, all night long  
I've seen you in the papers they say you play at pool  
I think you got me snookered if we play your rules

Maybe you can't see the way to be sure anymore  
I can't help feeling like closing the door  
Images are fading and the thought of you has gone  
Baby it's wrong

'Cause all I need is, all night long  
It would only take me, all night long  
To show you how I feel, all night long  
They say you read me like a book then make the book a film  
You can write the screen play I can't wait 'til then

I wish I knew what I could do  
It feels like somethings overdue  
Communications broken down  
Still got me snookered when you wear your crown

All night long  
It would only take me, all night long  
Won't ya, won't ya give, all night long  
Yeah, I've seen you in the papers they say you play at pool  
I think you got me snookered no exception to the rule  
Give me, all night long  
Won't ya, won't ya give, all night long  
It would only take me, all night long  
To show you how I feel  
'Cause you still got me snookered and it's quite unreal
