## Got My Feet Back On The Ground

## **Peter Frampton**

Days are getting brighter Nights are creeping in My heart's feeling warmer

It's starting to begin again Love's around the corner Time feels like, what do I do

Always in my music Never lacked a cause My head is spinning Lady, what I lost

Like walking through a blizzard Find my way out It's like an illusion to me

Looking for a landing Trying to get out I was wired to the world That you dream about

Think I'm through with looking But got my feet back Back on the ground

People started looking at me Every place I go Then you realize

Is it me that they see? The story is always over The tale's just begun

I'm making every lover I made it way to young Friends say, don't worry What do they know I just know they care

People stop and look at me Every place I go Hey when you realize Is it me that they see?

Hey it's been so long Since I really cared Now I got this feeling Feeling that's so rare

'Cause loves around the corner Got my feet back Back on the ground

Days are getting brighter Nights are creeping in My heart's feeling warmer It's starting to begin again Love's around the corner Time feels like, what do I do

What do I do?
