(I'll Give You) Money

Peter Frampton

I'll give you money I'll give you lovin' I'll give you everything But heaven above I'll give you all I have right now I'll give you money I'll give you lovin' Everything I'll give you kisses Sweet as honey I'll do you everything 'Cept make the sun shine If I could change the world right now Make you happy Stop your cryin' Everything Everything All of my life I've been dreaming 'Till you came my way All of your life aren't you searchin' For love forever All I need is someone to believe in me Even if you're losing Watching from behind everything I'll give you sun and... Lost all my money I threw it all away But now I'm happy I'll give you all my love right now I'll give you money I'll give you lovin' Everything Everything Money- everything Everything Money- everything...
