- 1. I caught sight of my reflection
 I caught it in the window
 I saw the darkness in my heart
 I saw the signs of my undoing
 They had been there from the start
 And the darkness still has work to do
 The knotted chord's untying
 They're heated and they're holy
 Oh they're sitting there on high
 So secure with everything they're buying
- R1: In the blood of Eden
 Lie the woman and the man
 With the man in the woman
 And the woman in the man
 In the blood of Eden
 Lie the woman and the man
 We wanted the union
 Oh the union of the woman
 The woman and the man
- 2. My grip is surely slipping
 I think I've lost my hold
 Yes, I think I've lost my hold
 I cannot get insurance anymore
 They don't take credit, only gold
 Is that a dagger or a crucifix I see
 You hold so tightly in your hand

And all the while the distance grows between you and me I do not understand

R1: In the blood of Eden...

- *: At my request, you take me in
 In that tenderness, I am floating away
 No certainty, nothing to rely on
 Holding still
 For a moment
 What a moment this is
 Oh for a moment of forgetting
 A moment of bliss
 Heyyyyyyyyyyyyyyyyy
- 3. I can hear the distant thunder
 Of a million unheard souls
 Of a million unheard souls
 Watch each one reach for creature comfort
 For the filling of their holes

R1: In the blood of Eden
Lie the woman and the man

With the man in the woman And the woman in the man In the blood of Eden Lie the woman and the man We wanted the union Of the woman and the man

- R2: In the blood of Eden

 Lie the woman and the man

 I feel man in the woman

 And the woman in the man (2x)
- R1: In the blood of Eden
 We've done everything we can
 In the blood of Eden
 Saw the end as we began
 With the man in the woman
 And the woman in the man
 It was all for the union
 Oh, the union of the woman,
 the woman and the man.
