

# Walkin' The Road

Peter Green

Now the cupboards are empty  
But baby you don't care  
This way that I'm living  
Now that you're not here  
I'm walkin' the road  
But there's a long long way to go

My socks need mending  
They're so full of holes  
Take a look at my trousers  
And man, how it shows  
I'm walkin' the road  
But there's a long long way to go

I sit at the table  
Since I got the news  
I'm so full of cigarettes  
And I'm drunk with the blues  
I'm walkin' the road  
But there's a long long way to go

I gave you my loving  
I gave you my car  
Now I gotta keep moving  
To the next backstreet bar  
I'm walkin' the road  
But there's a long long way to go
