

# Reprise

Peter Hammill

We think we're fireproof,  
we never think that we'll get burned;  
we think we're fireproof,  
we never think, so well get burned;  
we think we're fireproof.

Reprieve,  
reprise.

If he got to do it all again  
would he do it over and over?

In reprise, reprieve?

But will she always be his?
