## **Cuts You Up**

## Peter Murphy

I find you in the morning After dreams of distant signs You pour yourself over me Like the sun through the blinds

You lift me up and get me out Keep me walking but never shout "Hold the secret close", I hear you say

You know the way it goes about It takes you in and spits you out It spits you out when you desire To conquer it, to feel you're higher

To follow it you must be clean With mistakes that you do mean Move the heart, switch the pace Look for what seems out of place

On and on it goes Calling like a distant wind Through the zero hour I will walk Cut the thick and break the thin

No sound to break, no moment clear When all the doubts are crystal clear Crashing hard into the secret wind

You know the way it twists and turns Changing color, spinning yarns You know the way it leaves you dry It cuts you up and takes you high

You know the way it's painted gold Is it honey? Is it gold? You know the way it goes about It takes you in and spits you out Cuts you up, cuts you up, cuts you up

You know the way it goes about It takes you in and spits you out It spits you out when you desire To conquer it, to feel you're higher

To follow it you must be clean With mistakes that you do mean Move the heart, switch the pace Look for what seems out of place Cuts you up, cuts you up

It's okay, it goes this way The line is thin, it twists away Cuts you up and spits you out Keeps you walking but never shout
