

# Never Fall Out

Peter Murphy

Eh

If you fall in love with me  
You'll never fall out  
If you take me in  
There'll be no way out without  
You'll never fall out

Eh

Oh, eh

Effulgate, and you'll see the divine  
The pouring of love's wine  
My iridescent, iridescent blue  
I'll be, I'll be all over you

If you catch my glance  
You'll swim the Swan Sea  
Dissolve into ether dreams  
The truth of you and me

Oh

Oh
