

# Music Speaks Louder Than Words

Peter, Paul and Mary

R: Music speaks louder than words

It's the only thing that the whole world listens to.

Music speaks louder than words,

When you sing, people understand.

1. Sometimes the love that you feel inside

Gets lost between your heart and your mind

And the words don't really say the things you wanted them to

.

But then you feel in someone's song

What you'd been trying to say all along

And somehow with the magic of music the message comes through.

2. The longer I live the more I find that people seldom take the time

To really get to know a stranger and make him a friend.

But the power of a simple song can make everybody feel they belong.

Maybe singin' and playin' can bring us together again.

Singin' and playin' can bring us together again.

R:

That music speaks louder than words
