

Such Is Love

Peter, Paul and Mary

1. After all I've come to know me, and the ways of my heart,
And the young man that I once was would have torn our love a
part.

When you're young and always looking at the far side of the
hill

You might miss the fairest flower standing by you very still

.

R: Love, love, love, love, love, such is love, wonderful love
Love, love, love, love, love, such is love, wonderful love

2. Love is never, like the stillness, love is always passing by
Love must flow like a river; try to hold love back and love
will die

If I'd known as a young man what I know of love today

I'd have lain down in that river and let it wash my soul away.

R: 2x

Now I know love.
