

Tryin' to Win

Peter, Paul and Mary

You know it's hard to love another man's girlfriend
You can't see her when you want to
You gotta see her when you can
We may be fighting a losin' battle
But havin' a lotta fun tryin' to win.

I thought it over from these points of view
One way love ain't no good for two.
We may be fighting a losin' battle
But havin' a lotta fun tryin' to win.

Here's my confession baby, I want you to take heed
From this day on darlin' you can do anything you please.

I asked my baby should I go away
Your man wants me to leave
Do you want me to stay?
We may be fighting a losin' battle
But havin' a lotta fun tryin' to win.

Here's my confession baby, I want you to take heed
From this day on baby you can do anything you please.

I asked my baby should I go away
Your man wants me to leave
Do you want me to stay?
We may be fighting a losin' battle
But havin' a lotta fun tryin' to win.

We may be fighting a losin' battle
But havin' a lotta fun tryin' to win.
We may be fighting a losin' battle
But havin' a wonderful time, wish you were here!
