

Arise Blackman

Peter Tosh

Lift up your heads, o ye gates
And be ye lifted up, ye ever livin' black people
The King of glory shall come in
Arise Blackman, arise
Arise and denote thyself
Arise Blackman, arise
Arise and denote thyself
We've been sittin' in the dirt too long
And it seems we don't know when we're right or wrong
But help me sing my song, Blackman arise
Arise Blackman, arise
Arise and denote thyself right now
Arise Blackman, arise
Arise and denote thyself
For the moon shall turn into blood
And the rivers turn into flood
And the sun will never shine, Blackman arise
Arise Blackman, arise
Arise and denote thyself
Arise Blackman, arise
Arise and denote thyself
Remember we've been down here as slaves
And to get a little job you have to trim and shave
Your heaven becomes your grave, Blackman arise
Arise Blackman, arise
Arise and denote thyself
Arise Blackman, arise
Arise and denote thyself
For the time of rights is now
And you don't have to ask me how
You've got to make a move, Blackman arise
Arise Blackman, arise
Arise and denote thyself right now
Arise Blackman, arise
Arise and denote thyself
Every man on earth is a man
And every tub have to stand on its own bottom
No matter where you're from, Blackman arise
So arise Blackman, arise
