

# Reggaemylitis

Peter Tosh

Woke up this morning  
With a funny funny feelin'  
And that feelin'  
Was an unusual feelin'

Inna my bone yeah  
It inna my blood  
Inna my toes  
Coming up to my brain

Went to the doctor  
To check out what's matter  
I Went to the doctor  
To find out the matter

Doctor said son  
You have a Reggaemylitis  
I said, "What"  
Doctor said son  
You have a Reggaemylitis

Is it contagious  
Is it outrageous  
Is it vicious  
Or is it dangerous

Inna mi bones  
Inna me blood  
From my toes  
Up to my brain

I can feel it inna my bones  
Inna my ankle  
From my toes  
Up to my brain

Is it incurable  
It's fit for desirable  
It isn't curable  
Fit for desirable

I have it inna my toes  
Inna my ankles  
Inna my knees  
Up to my waist

Under mi ribs  
Across mi shoulder  
Inna mi finger  
Up to my brain

Reggaemylitis I say...  
You only catch it one way  
It's reggaemylitis I say

Sometimes your temperature  
It really gets higher

And the music  
Sets your soul on fire

Got it inna my toes  
Inna my knees  
Inna my ankles  
Inna my waist  
Inna my heart  
Inna my soul  
Inna my mind  
Come through my mouth  
Inna my finger  
Registered in my brain
