

# Roll Off

Petey Pablo

Who rang my phone?  
That boy gon be a singer one day fo real  
Naw man get serious for a minute

I said  
And I said  
And I said  
Cuz he told me, cuz he told me, cuz he told me

Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man  
And let it roll off  
The talk don't bother me  
I believe in me if nobody else does  
And let it roll off  
Just like the one and only feather of a dove's back, yeah, I said

You know it probably wouldn't worry me so much  
If I was out there and behind closed doors  
I was what they call caught up  
Stealin donkin and drugs, livin reckless  
And takin advantage of all I worked so damn hard for  
Really needed help, but afraid to ask  
Lonely, depressed, or just needed someone else  
On the verge of givin up, paranoid, scared  
Totally overlookin how much I been blessed  
How could you understand what you say they said  
And most of all why they said it, and I just nod my head  
When you wrong you're wrong, I'll admit it  
I'll confess to anything if I did it  
But to spread unnecessary lies, I don't get it  
How could you find enjoyment in my business?  
You know what, forget it  
Talk my nigga  
If you wasn't talkin about me, I probably miss ya

Petey doin this, Petey doin that  
I seen Petey here, but what he doin there?  
Why you don't come and ask  
It aint gon make me mad  
I respect that more than you doin it like you have.  
Botherin my family scarin them to death  
Why you talking to them about me  
When you can talk to me yourself  
I might blast back, lose it  
And tear into your ass  
Or I could be a man about it  
And talk and clear the air  
But you don't never know that cuz you won't take the chance  
What that mean? You missin somethin in the crotch of your pants  
He can make me laugh  
Cuz sometime the story can be so outrageous  
can't say nothing but damn  
You know what I really am?  
Beyond that

Her momma told me somethin one day  
And I ain't forgot it  
If they scared to my lie to my Heavenly Father's precious name  
Then who am I to complain?

I don't care, go head  
Stop, get away from here  
Leave me alone, leave me alone  
Leave me alone, leave me alone  
I don't care, go head  
Stop, get away from here  
Leave me alone, leave me alone  
Leave me alone, leave me alone

The rumors you spread don't bother me  
The lies you tellin don't bother me  
I thought about it  
And I wouldn't be no better than you

I don't care, go head  
Stop, get away from here  
Leave me alone, leave me alone  
Leave me alone, leave me alone
