

## Secret Weapon

Petra

I've waited patiently for your reply  
You say you'll come around by and by  
I've tried to show the way into the light  
But I just won't let you go without a fight  
You think my hands are tied  
But you will never hide, no  
I've got you in my sight day and night

I've got a secret weapon  
I'll pray for you  
I've got a secret weapon  
Gonna get through  
I really care about you  
I'll pray for you

I've told you everything you need to know  
But you still fluctuate to and fro  
You just can't push yourself over the edge  
So I will pull the rug behind the hedge  
How can you ever lose  
This deal you can't refuse  
So with your hands up high  
Reach for the sky

I won't give up on you  
I'll pray until the night is through  
And you surrender to the light  
Come on surrender
