

## Stand Up

Petra

The battle cry is getting louder  
The countdown's close to the final hour  
The enemy is on every side  
But still no match for the Crucified  
Victory unto victory  
We are soldiers in his army

Stand up, take a stand for Jesus  
Stand up so the whole world sees us  
Showing the way in a world gone astray  
Shining our light with all of our might  
Stand up, take a stand for Jesus  
Stand up so the whole world sees us  
Following Him and serving Him  
Fighting the fight that we know we will win

Out of our pews and into the streets  
Making some use of our beautiful feet  
Redeeming the time for the days are evil  
This whole world's in such upheaval  
We wrestle not with flesh and blood  
But when the enemy comes in like a flood

Gotta lay our lives down  
And stand up for the truth we've found  
Gotta let the redeemed of the Lord say so
