

Stand Up

Petra

The battle cry is getting louder
The countdown's close to the final hour
The enemy is on every side
But still no match for the Crucified
Victory unto victory
We are soldiers in his army

Stand up, take a stand for Jesus
Stand up so the whole world sees us
Showing the way in a world gone astray
Shining our light with all of our might
Stand up, take a stand for Jesus
Stand up so the whole world sees us
Following Him and serving Him
Fighting the fight that we know we will win

Out of our pews and into the streets
Making some use of our beautiful feet
Redeeming the time for the days are evil
This whole world's in such upheaval
We wrestle not with flesh and blood
But when the enemy comes in like a flood

Gotta lay our lives down
And stand up for the truth we've found
Gotta let the redeemed of the Lord say so
