

# I Won't Care

Petula Clark

My feelings seem to come and go  
like the air flow every day living  
Sometimes is good, but when is bad I feel so unforgiving  
This crazy life we're living  
it's like trying us when up strike keeps pulling you down  
Don't see the point of it,  
but the point of it is clear when you're around.

So clear, so clear and I've walk on in  
Let the world go by,  
I won't care

I won't care as long as  
I have you riding out the storm and  
Seat it through, calling I'll be there  
follow you within well.  
The wind and rain in my head.  
I won't care

Seems it's all about pushing back,  
little room for love all time to let it grow  
but when I see your face  
I see another place and that's where I wanna go  
We meet, we kiss, and we're almost there  
let the world go by

I won't care  
I won't care as long as  
I have you riding out the storm and  
Seat it through, calling I'll be there  
follow you within well.  
The wind ..I'm right hand.

I wanna be locked in your love  
and you can throw away the key  
and I won't care, I won't care  
as long as you care for me.

I won't care as long as  
I have you riding out the storm and  
Seat it through, I won't care  
no no, I won't care  
When the rain in my head  
I won't care.  
I won't care.
