

# Love Is Here

Petula Clark

Love is here  
And it's music's filling the air  
Love is here  
You can feel it everywhere  
Yeah

Beautiful thing to happen  
Heavenly thing to happen  
Didn't you feel it happen?  
Didn't you feel it happen?

Oh, love is here  
There are flowers blooming in space  
Love is here  
And the world's a beautiful place

Marvelous thing to happen  
Fabulous thing to happen  
Tell me you felt it happen  
Didn't you feel it happen?

Oh, let this wonderful thing surround us,  
Reach out and touch everyone around us

Love is here  
And it's music's filling the air  
Love is here  
You can feel it everywhere

Ooh, didn't you feel it happen?  
Didn't you feel it happen?  
Oh, love is here  
Oh, love is here  
Yes, love is here  
(fade out)
