

The Song of My Life

Petula Clark

Everyone has a song, that belongs to their life
That will go on and on, through the years of their life
There's a wonderful song, one that you brought to me
And I look on this song, as my life's symphony

This is the song of my life
It will go on through my life
Something you said tenderly
Suddenly it's music for me
It springs from things that we share
Only through you is it there
I walk along day and night
Singing the song of my life

I can picture the past, that we knew yesterday
Every tear, every laugh, every step of the way
I recall what was wrong, and the things that were right
And each moment belongs, to the song of my life

This is the song of my life
It will go on through my life
Something you said tenderly
Suddenly it's music for me
It springs from things that we share
Only through you is it there
I walk along day and night
Singing the song of my life

This is the song of my life
It will go on through my life
