

Life Goes On

PFR

I felt this before
Now I feel it again
No matter how hard I try
This feeling won't end

So I pretend you're here by my side
Tonight on this lonely ride
I keep telling myself that

Chorus:
Life goes on while you're miles away
And I need you
Time goes on as night steals the day
There's nothing I can do

You heal up my wounds
I tasted your tears
You spilled out your heart
So I let out my fears

But one fear that I kept to myself
Was how I prayed that you'd love no one else
Like you're saying you love me

Chorus

If you only knew how much I miss you

Solo

When my mind plays these tricks on me
It shows me things I don't want to see
That's why I tell myself
I keep telling myself
Just take another piece of me

Chorus

And this last mile I travel with you
