

## Life Goes On

PFR

I felt this before  
Now I feel it again  
No matter how hard I try  
This feeling won't end

So I pretend you're here by my side  
Tonight on this lonely ride  
I keep telling myself that

Chorus:  
Life goes on while you're miles away  
And I need you  
Time goes on as night steals the day  
There's nothing I can do

You heal up my wounds  
I tasted your tears  
You spilled out your heart  
So I let out my fears

But one fear that I kept to myself  
Was how I prayed that you'd love no one else  
Like you're saying you love me

Chorus

If you only knew how much I miss you

Solo

When my mind plays these tricks on me  
It shows me things I don't want to see  
That's why I tell myself  
I keep telling myself  
Just take another piece of me

Chorus

And this last mile I travel with you
