## Walk Away From Love

I know you i know doubt what i am saying You think that i've been deceived To follow after what some old weak man's saying It seems so simple that it's hard to believe I can't understand why you would walk away from love No i don't understand why you would walk away from love I just can't understand why you would walk away from love I'll never understand why you would walk away Maybe i'm right and he's waiting at the table Maybe it happened when i saw it was my sin Maybe he's waiting for a chance to show me true love Maybe you'll never get this chance again I can't understand why you would walk away from love No i don't understand why you would walk away from love I just can't understand why you would walk away from love I'll never understand why you would walk away I'm a fool So are you I'm a fool So are you Maybe you think i'm a fool for what i'm saying Maybe that's what i like you to think Or maybe you're a fool to say you're a wise man See the way you lose unless you meet with my king I can't understand why you would walk away from love No i don't understand why you would walk away from love I just can't understand why you would walk away from love I'll never understand why you would walk away from love
