

As Far as I Can See

Phantogram

As far as I can see
Nobody loves me
As far as I can tell
Nobody loves you with her
As you were going down
Up down the staircase
As you were going down
Up down the staircase aboard

As far as I can see
Nobody's listening
As far as I can tell
Nobody's listening to me
Are you glad I
I found an answer
Are you glad I
Nobody cries back for me
