

## Barking Dog

Phantogram

Head on the bathroom floor  
Tackling in my demon voice  
Millions of years go by  
Memories of peace and love  
Killing to reconstruct  
And what will the label do?  
Hurt people hurt people too

I'm sorry for what I've done

Head on the bathroom floor  
Tackling in your demon voice  
Millions of years go by  
Memories of peace and love  
Talking to the barking dog  
Never mind the barking dog  
Never mind the barking dog  
Millions of years go by...
