# Nightlife

**Phantogram**

Say I'm okay
I'm bleeding fire
Eating nightmares

So tell me how to do it slow
I'm a maze
Can we say goodnight now?

Take this world away
And strangle it with wires for a lifetime

Make a pretty face and say I'm fine
I'm okay
Only in the nighttime

Take this world away
Strangle it with wires for a lifetime

Make a pretty face and say I'm fine
I'm okay
Only in the nighttime

Love was the only thing I ever needed, I ever needed

Love was the only thing I ever needed

Love was the only thing I ever needed, I ever needed
