

Nothing But Trouble

Phantogram

Do you ever have the feeling
That you constantly been dreaming this is life
Everyone I know is not around
And Lucy's still been crawling underground

They're eating all my shotgun smiles
Yeah eating all my shotgun smiles
I'm nothing, I see nothing but double

Don't listen to me
I'm nothing but trouble
I'm losing my mind

I don't want wanna see another night
No I don't want to taste another life
The walls are breathing in and now I
Continue to deny another

They're eating all my shotgun smiles
Yeah eating all my shotgun smiles
I'm nothing, I see nothing but double

Don't listen to me
I'm nothing but trouble
I'm losing my mind (2x)
