

# The Day You Died

Phantogram

Ooh ay hey

What would I do if I didn't affect you?  
Mary goin' round and round  
Tell me the truth, I know that you're leaving.  
Tell me the truth, I know it's you.

Strange it didn't affect me.  
Strange it didn't affect me.

Oh, stay.  
Assuming to your heart, we got nothing at all.  
What should I do?  
It completely destroyed you.  
Swimming around, around and drown. Oh.  
Tell me the truth love.  
I know that you need me.  
Tell me the truth, I know it's you.

Strange it didn't affect me.  
Strange it didn't affect me.

I came to say goodbye, cause you're feeling nothing.  
Assuming to your heart, we got nothing at all.  
Cause even if you wanna try to see if there's something.  
I drove into your heart, we got nothing at all.

Ooh, I...  
I came to say goodbye, cause you're feeling nothing.  
Assuming to your heart, we got nothing at all.  
Cause even if you wanna try to see if there's something.  
I drove into your heart, we got nothing at all.

And I don't care to say goodbye, cause you're feeling nothing.  
I dug into your heart, we got nothing at all.
