Phantogram

A world
A world inside
I can't find the heart to lead
Cause the knife is out
The feeling that I had
Was all because you said

It's alright
I've been sleeping
For the recent
Cause it tells me what
To do

So Jenny
It's gonna be okay
You got your puzzles on your mind
I got my shoes untied
The feelings that we had
Were all because you said

It's alright
I've been sleeping
For the recent
Cause it tells me what
To do
I've been sleeping
For the recent
Cause it tells me what
To do
To do

A world
An empty sky
It's been running through my mind
It's been running through my mind

I'm hearing voices all the time
I'm hearing voices, they're not mine
I didn't want to do it
What I have done to you
What have I done
What have I done to you

I've been sleeping
For the recent
Cause it tells me what
To do
I've been sleeping
For the recent
Cause it tells me what
To do
Been sleeping
For the recent
Cause it tells me what
To do
To do
To do

To do
To do
