

You Are the Ocean

Phantogram

This song is about you
Cause I can't live without you
And this song is about you
And you know you've got problems
But you can choose

There's a hole in my conscience
There's a hole in my country
Like a hose that keeps running
Like a hose that wont stop flowing
And I know that it's coming
It's coming, it's coming, it's coming soon

Here's why
Cause you are the ocean
And I'm good at drowning (Does she feel good now?)
The morning will follow
I wont remember (Does she feel good now?)
It feels like I've been here
I've been here forever
Does she feel good now?

In the fall I get lonely
In the winter I'm still lonely
Come the mask of the springtime
In the summer I go crazy

Cause you are the ocean
And I'm good at drowning (Does she feel good now?)
The morning will follow
And I wont remember (Does she feel good now?)
It feels like I've been here
I've been here forever
Does she feel good now?

Does she feel good now?
