

## I Was Better Off

Phantom Planet

From my mouth,  
now more & more everyday,  
Words that have nothing to say  
Well I'll find something, someday

I thought that I was better off,  
I was wrong,  
I am where I don't belong  
In a flash, I am gone,  
to return, where the sun  
Shines again

Oh my god!!  
Words that seem so out of place,  
I wished you'd get out of my face,  
Well, I'll find something someday

I thought that I was better off,  
I was wrong,  
I am where I don't belong  
In a flash, I am gone,  
to return, where the sun  
Shines again
