

## So I Fall Again

Phantom Planet

I can't say if this feeling  
Coming over me is real  
But I know its something you can't steal  
So I'll buy another problem to approach  
sell a virgin lie that can't be touched

So I fall again  
So I fall again  
So I break through  
This rotten piece of wood again

I can't say if this here fucking subject  
Should be dropped  
But I know it's something you can't stop  
So I'll buy another pickup line and sigh  
And pretend that everything is alright

So I fall again  
So I fall again  
So I break through  
This rotten piece of wood again

So I break through this rotten piece of wood  
So I break through this rotten piece of wood  
So I break through  
This rotten piece of wood again

So I fall again  
So I fall again  
So I break through  
This rotten piece of wood again
