I'm schemin' so high who gonna catch me on the low?  
Shoot my swag in the gucci bag like a free-throw  
Whether friend or foe, i ma put you on my guest list  
Just you and me and see how far we can go  
Never on vacation but mind feels naked  
Never on a drug already r-rated  
Please tell your girlfriend she deserves better  
Better than she ever been, now or never

Better than she ever been, i'm taking her to heaven  
Higher than before, now or never  
Watch, louie, chucks, leather  
Where you wanna roll, oh coachella!  
First class everything d&g fashion  
Rollin' up the beat, puff puff pass it  
Ah~ head banging heavy metal  
Rocking back and forth now blow up my candle
