

It's a Wonder

Pharao

At anytime, at anyplace, I'm thinking about you baby
You're always on my mind
I wonder why, when you are . I'm thinking about you baby
You're always on my mind
It's a wonder that you love me
It's a wonder that you care
Thanks for all your understanding
You should know I feel the same
It's a wonder that you love me
It's a wonder that you care
Thanks for all your understanding
You should know I feel the same
It's a wonder...
I come too late, late in the night but I'm glad about
having you baby
You're always on my mind
It's time to say, and so I pray I'm glad about having you
baby
You're always on my mind
