

Hearts On Fire

Phenomena

hearts on fire
two heads beat as one
hearts on fire
burning on the run

running to the arms of love
shadows in the night
chasing love's dream
free birds in flight
carried on passion's waves
of love's first kiss
thought i'd benn in love before
never felt line this

hearts on fire
two heads beat as one
hearts on fire
burning on the run

chasing dreams 'til the end of time
looking for the kill
moving out no looking back
living for the thrill
all alone against the world
two shipd passing by
colliding now like shooting stars
lighting up the sky
