I was thinking about you Hanging lights electric blue And neck restraints for two

I was thinking about you Wonder if you're thinking too I do, I think of you

I said what I said, I said what I said I said what I said: I want you

I was thinking about you (thinking I was thinking about you)

Shredding paper like you do (paper shreds but won't forget)

Your signature tattoo

I was thinking about you (thinking I was thinking about you)

Welding metal barbecue (metal welding lights electric) Blue bell dreams of you Blue bell dreams of you

I said what I said, I said what I said
You heard what I said, I said what I said:
I want you
You said what you said, you said what you said
You said what you said, I heard what you said:
I'm not sure about you

I was thinking about you, holiday it's what you do I do, I think of you Wonder if you're thinking too
