

I Like Hitler

Phil Ochs

I like hitler, jolly jolly hitler
I like hitler and mussolini too

I like franco in spain
And I'll have to maintain
That batista was
Really quite all right

Trujillo was my man
Henry ford would understand
What this country
Really needs is apartheid

Loyally we birch along
Birch along, birch along
Loyal we birch along
Back to the good old days

God save the king
