

# No Way Around A River

Phil Stacey

You keep closing your eyes  
Trying to ignore it  
Hoping it'll disappear  
Face to face with your own Goliath  
At least that's how it looks from here  
All the stones you can throw  
Won't scare it away

And pacing back and forth  
Trying to think of something  
To get you to the other side  
The path of your fear  
Runs in all directions  
When you're looking for a place to hide  
But you know the one you've  
gotta take

There's no way around a river, baby  
Wade on in the deep  
And when you can't go any further  
Hold on to me  
And if it pulls you under  
I'll be there too  
There's no way around a river, baby  
It's just something you've gotta  
go through

The troubles you face  
The wounds you're protecting  
The sins that you wrestle with  
We all have our share we'd like to  
get over  
Sometimes there's just no bridge  
And the very thing that makes  
us afraid  
Is just what we need to wash it away

That's the way it is  
So just wade on in  
I'll see you on the other side  
No way around it  
No way around a river, baby  
Wade on in, wade on in

And if it pulls you under  
I'll be there too  
There's no way around a river, baby  
It's just something you've gotta go through  
Oh yes it is, yes it is  
Oh, no way around it  
No way around a river, baby  
Wade on in, wade on in - yeah
