

# I Will Remember You

Phil Vassar

I dont wanna try to love without you  
That just doesn't seem right  
But i can see your minds made up  
And i'm just too tired to fight  
Well I dont really wanna try to be strong  
And I dont wanna move on

But I will, I will, I will remember you  
I have no choice at all  
Cause you left my life with so many memories  
So many i cant even recall  
Oh, but I will, I will, I will remember you

Well I suppose I expected this  
Lets not pretend  
So you go your way and i'll go mine  
And we'll just call it as friends  
You'll expect me to hold my emotions  
Just to let you go

But I will, I will, I will remember you  
I have no choice at all  
Cause you left my life with so many memories  
So many I cant even recall  
Oh, but I will, I will, I will remember

Carolina, there on the beach  
I'll never forget when you said you loved me

So, I will, I will, I will remember you  
I have no choice at all  
Cause you left my life with so many memories  
So many I cant even recall  
Oh but I will, I wil, I will remember you  
I will, ohhh I will remember you.
