

## This Is God

Phil Vassar

Hey, this is God  
Could I please have your attention  
There's a need for intervention  
Man, I'm disappointed in what I'm seeing

Yeah, this is God  
You fight each other in my name  
Treat life like it's a foolish game  
I'd say you've got the wrong idea

Oh, all I'm asking for is love  
Well, I've seen you hurt yourselves enough  
Oh, I've been waiting on a change in you

Yeah, this is God  
I've given everything to you  
But look at what you do  
To the world that I created

This is God  
And what's with this attitude and hate  
You grow more ignorant with age  
You had it made, now look at all you've wasted

Oh, all I'm asking for is love  
I've seen you hurt yourselves enough  
Oh, I've been waiting on a change in you, yeah

I know your every thought  
Your heart and soul and every move  
There are so many consequences  
To the things you do

All I'm asking for is love  
Haven't you hurt yourselves enough  
Oh, I've been waiting on a change in you  
A change in you, oh  
This is God
