

All I Want Is You

Phil Wickham

We're looking love, for something to feel
We want something true, something that's real
We're holding out hope, that hope can be found
We all want to know what life is about

We all want something more
There's something more we're searching for
We all want something more
You're something more, You're so much more

You, all I ever wanted
You, all I ever needed
You, all I want is You

You are the light, that never will fade
You won't fail, You won't change
Every thirst You satisfy,
You fill up my soul, the hunger inside

We all want something more
There's something more we're searching for
We all want something more
You're something more, You're so much more

You, all I ever wanted
You, all I ever needed
You, all I want is You

We all want something more
There's something more we're searching for
We all want something more
You're something more, You're so much more

You, all I ever wanted
You, all I ever needed
You, all I want is You
You, all I ever wanted
You, all I ever needed
You, all I want is You
You, all I want is You
All I want is You
All I want is You
