

Desire

Phil Wickham

I'm running through the gates of love as fast as I can
I can't wait to see You, 'cause I'm desperate man
You made the light and sent it down to show us who You are
Now it's bursting out my heart

My desire is burning like a million stars
And I'll keep reaching out, reaching out for You

I'd be nothing without You, yeah, I would die
If I didn't have Your hand, if I couldn't look into Your eyes
Jesus, if Your love's the fuel then I'm the desperate flame
That's screaming out Your name

My desire is burning like a million stars
And I'll keep reaching out, reaching out for You
My desire is burning with the fire You sparked
And I'll keep reaching out, reaching out for You

This is glory rising over a new horizon
I see Your love, I feel Your smile
You're in my heart and I will run
With all I have to You

My desire is burning like a million stars
And I'll keep reaching out, reaching out for You
My desire is burning with the fire You sparked
And I'll keep reaching out, reaching out for You

I'm reaching out for You
I'm reaching out for You, You, You
