## Desire

## **Phil Wickham**

I?m running through the gates of love as fast as I can I can?t wait to see You, 'cause I?m desperate man You made the light and sent it down to show us who You are Now it?s bursting out my heart

My desire is burning like a million stars And I?ll keep reaching out, reaching out for You

I?d be nothing without You, yeah, I would die If I didn?t have Your hand, if I couldn?t look into Your eyes Jesus, if Your love?s the fuel then I?m the desperate flame That?s screaming out Your name

My desire is burning like a million stars And I?ll keep reaching out, reaching out for You My desire is burning with the fire You sparked And I?ll keep reaching out, reaching out for You

This is glory rising over a new horizon I see Your love, I feel Your smile You're in my heart and I will run With all I have to You

My desire is burning like a million stars And I?ll keep reaching out, reaching out for You My desire is burning with the fire You sparked And I?ll keep reaching out, reaching out for You

I'm reaching out for You I'm reaching out for You, You, You
