

In Your City

Phil Wickham

Oh the glorious day when we arrive
And Heaven's gates are opened wide
All our fear and pain will fade away
When we see You
Face to face

Our Great and Awesome King
You will reign in brilliant light
Forever glorified
In Your city
And we
Your daughters and Your sons
Will see the kingdom come
In Your city

Love will rain and joy will have no end
When the saints go marching in
God we pray that You come soon
'Cause we were made
To be with You

Our Great and Awesome King
You will reign in brilliant light
Forever glorified
In Your city
And we
Your daughters and Your sons
Will see the kingdom come
In Your city

When we've been there for ten thousand years
Our song will be the same
Praise to the One who has brought us here
Jesus is His name
Jesus is His name

You will reign in brilliant light
Forever glorified
In Your city
We
Your daughters and Your sons
Will see the kingdom come
In Your city
My city
This is Your city
My city
