

This Love Will Last Forever

Phil Wickham

I know this is love, I know this is true
There's nothing I need, more than I need You
And all I can say, is never enough
With all that I am, I will show my love

Oh, oh, I Lift up my hands now
Oh, oh, God I will dance now
This love will last forever

You capture my heart like nobody could
You broke the night and saved my life
Like You said You would
And all I can say, is never enough
With all that I am, I will show my love

Oh, oh, I Lift up my hands now
Oh, oh, God I will dance now
This love will last forever
Oh, oh, lifting You higher
Oh, oh, is all I desire
This love will last forever

Your glory like sunshine
It covers the skyline
Reigning from high above
You're once in a life time
I'm all Yours, You're all mine
In this everlasting love

Oh, oh, I Lift up my hands now
Oh, oh, God I will dance now
This love will last forever
Oh, oh, lifting You higher
Oh, oh, is all I desire
This love will last forever
This love will last forever
This love will last forever
